

Tips for a safe fundraising*

- Children should sell mayflowers together with friends or an adult.
- Children should sell mayflowers in places where there are a lot of people, and should never go with anyone they don't know.
- Children should inform people they can pay by Swish, and only accept cash in exceptional cases.
- Children should use the green Majblomman bag for storage of mayflowers and any money earned.
- Children who are paid in cash should regularly empty their bags.
- Children should not change high-value notes for people they don't know. They should ask the person to change their note before buying a flower.
- Get in touch with local companies and ask them to support the campaign by inviting children to sell mayflowers to staff and customers.
- Follow the rules of the school/association regarding storage of cash. Do not keep money at the school unless there is a lockable safe.

If you have any questions, want advice for a safe campaign or simply wish to share your own reflections, please contact Majblommans Riksförbund.

About sharing public spaces

Public spaces are there for everyone, and everyone has an equal right to use them. Those selling mayflowers must share public streets and squares with everyone else. However, it is important that children avoid, or keep their distance from any situation which could result in conflict or confrontation. Always get in touch with Majblomman at info@majblomman.se if an incident takes place.

If anything should happen

Contact Majblommans Riksförbund on +46 (0)31-60 68 90 or get in touch with your local Majblomman contact person so we can quickly give the child the support he/she might need.

*** Majblommans Riksförbund has an accident insurance policy which covers all children selling mayflowers. This policy is valid nationwide, but does not cover loss of money.**
